Text and web voting opened on 19 October 2007 and closed on 16 November 2007, asking for nominations aged 35 or under at the date of this issue. We asked for name, company name and reasons for nomination. All nominations received after this date were not eligible for inclusion in the Hot 100. Biographical data and dates of birth were provided to Property Week reporters by the respondents or their representatives in good faith. Several nominees were disqualified on account of being aged over 35. Where nominees received the same number of votes, the editor placed a casting vote to determine the final position.
